5. Plan Funding Status.

The Plan was in endangered status during the Plan Year.

(a) Steps Taken to Improve Funding Status.

The Plan has taken the following steps to improve its funding status:

The Plan was initially certified to be in critical status for the plan year beginning July 1, 2010. As required by law for plans in critical status, the Board of Trustees adopted a Rehabilitation Plan (RP) on November 10, 2010. The RP included two "schedules" (a Default and Recommended Schedule) of proposed changes in benefits and Employer contribution levels for consideration by bargaining parties as collective bargaining agreements were renewed. The renewed agreements resulted in all or virtually all Participants who had not retired by June 30, 2011 being covered under the Recommended Schedule.

For Participants retiring on or after July 1, 2011, the Recommended Schedule benefit changes included the introduction of a new career hours requirement to receive an unreduced early retirement benefit, elimination of disability benefits and reductions in the pre-and post-retirement death benefits. Participants, beneficiaries, and the bargaining parties were previously provided notice of these benefit changes. The Recommended Schedule also called for increased Employer contributions.

In November 2014, the Board revised the RP to reflect the expectation that emergence from critical status would occur seven years later than previously expected (from July 1, 2021 to July 1, 2028). The collective bargaining agreements were revised to conform to the

Recommended Schedule of the RP by providing for a 9.38% increase in contribution rates effective January 1, 2015. The most recent update to the Rehabilitation Plan and its Schedules occurred on November 9, 2016.

The Rehabilitation Period came to a close as of June 30, 2017. As a result of the Plan having been certified as being in endangered status for the Plan Year beginning July 1, 2017, the Board adopted a Funding Improvement Plan (FIP) on February 14, 2018, which did not require any further changes in plan benefits or Employer contribution rates, beyond those already implemented under the Rehabilitation Plan. The Funding Plan Adoption Period is from July 1, 2017, through June 30, 2018. The Funding Improvement Period is the period of 10 Plan Years beginning July 1, 2018.
