## BAY AREA PAINTERS & TAPERS PENSION TRUST FUND

### REPORT OF SUMMARY PLAN INFORMATION

#### 2022 Plan Year

In accordance with ERISA §104(d), the Trustees of the Bay Area Painters and Tapers Pension Trust Fund (EIN 94-6276501, Plan 001) are providing the following Report of Summary Plan Information to unions that represent Plan participants and employers obligated to contribute to the Plan.

Except as otherwise specified, all information in this Report pertains to the 2022 Plan Year.

#### 1. Contribution Schedule and Benefit Formula Information.

The monthly–accrued benefit at normal retirement age is based on the sum of (1) a dollar amount for each full benefit unit earned prior to January 1, 1987, with participants who work less than the required number of contributory hours in a twelve-month plan year needed to earn a full benefit unit accruing a fractional share of the dollar amount, and (2) a percentage of contributions required to be made for contributory hours in plan years on and after January 1, 1987. For contributory hours worked in plan years on and after July 1, 2003, the percentage of contributions crediting factor is 1.0%. Additional contributions negotiated for service on or after August 1, 2008, is not credited towards benefit accruals.

Effective for benefit payments on or after January 1, 2022, Participants with at least 400 Hours of Service in Covered Employment during the 2020 Calendar Year or Participants who are on short-term disability or receiving workers' compensation benefits during the 2020 Calendar Year and who subsequently resume Covered Employment shall have an increased crediting factor of the monthly amount from 1.0% to 1.5% of the Contributions required to be made on or after July 1, 2003 to December 31, 2020. All “off benefit” contributions that were excluded (or excludible) from the benefit formula under the current Plan terms are excluded from this increase.

Employer contribution rates differ from employer to employer and are based on negotiated collective bargaining agreements. New or renewed collective bargaining agreements that became effective after the Plan's adoption of the rehabilitation plan (while it was in critical status) or funding improvement plan (after it became certified as being in endangered status) have been required to contain contribution and benefit provisions consistent with one of the schedules contained in the applicable rehabilitation or funding improvement plan. Failure to adopt the provisions of one of the schedules results in the automatic imposition of the applicable default schedule.

For the plan year ending December 31, 2022, 220 employers were obligated to contribute to the Plan.
